PROFILE

Informatics Engineer specializing in Artificial Intelligence, Machine Learning, Data Science, and AI Automation. Skilled in developing intelligent systems, including RAG chatbots, machine learning models, AI automation workflows, web applications, RESTful APIs, and IoT solutions. Proficient in Python, SQL, PHP, JavaScript, OpenAI API, n8n, Scikit-learn, TensorFlow, Laravel, Next.js, and MySQL, with strong analytical and problem-solving abilities and a passion for delivering data-driven, scalable, and impactful technology solutions.

EDUCATION

Informatics Engineering - *University of Muhammadiyah Malang*

August 2022 – May 2026

- Bachelor of Computer Science
- Cumulative GPA: 3.86/4.0

EXPERIENCE

IT STAFF Intern- *DISPARTA Kab. Pasuruan*

July - September 2025

Admin and Multimedia

- Maintained and improved the DISPARTA and OnTrip websites by fixing bugs, optimizing performance, and enhancing features. Ensured system reliability and usability through stakeholder collaboration.

PROJECT EXPERIENCE

Academic Information Chatbot using Retrieval-Augmented Generation (RAG)

- Developed an AI-powered academic chatbot using RAG with LLMs and vector embeddings
- Technology: Python, OpenAI API, n8n, Vector Embedding, REST API.

Machine Learning Classification Project

- Developed and evaluated machine learning classification models for predictive analysis using data preprocessing and feature engineering.
- Technology: Python, Pandas, NumPy, Scikit-learn, Matplotlib.

IoT Monitoring System using ESP32

- Developed a real-time IoT monitoring system with ESP32, sensors, and a web dashboard for data visualization.
- Technology: ESP32, PHP, Supabase, JavaScript.

Frontend Web Applications

- Developed responsive frontend web applications with modern UI, API integration, and optimized user experience.
- Technology: Next.js, React, JavaScript, Tailwind CSS.

CERTIFICATIONS

Real world data science projects to become data scientist - *Udemy*

April 2025

CCNAv7: Switching, Routing, and Wireless Essentials - *Cisco Networking Academy*

March 2024

Meta Frond - End Developer - *Meta*

January 2023

SKILLS - <https://faliq-portfolio.vercel.app/> - <https://github.com/Faliqulxx>

- **Software** : Microsoft Office, Visual Studio Code, DBeaver, PostgreSQL, Tableau/Power BI/Data Studio, n8n.
- **Soft Skills** : Problem Solving, Critical Thinking, Attention to Detail, Team Collaboration, Business Analytics.
- **Language** : Indonesian (Native), English (Intermediate).
